

Request for Informational Materials

Partners for Healthier Weight (PfHW) is the first medically and psychologically focused obesity management centre in Atlantic Canada designed specifically for individuals with a BMI of 30 or greater. PfHW is co-directed by Dr. Vallis, PhD R Psych and Dr. Ransom, MSc, MD, FRCPC and is operated by Partners for Care, a registered non-profit charity that supports Capital Health patient care services and equipment purchases. PfHW offers a variety of obesity management services, including a 52-week, participant-pay Program designed to provide participants with the tools for long-term weight management. The Program's guiding principles focus on limiting choice and lifestyle modification to support participants in re-learning their relationship with food. PfHW's multidisciplinary team of healthcare professionals includes physicians, psychologists, dietitians, nurses and physiotherapists.

PfHW provides informational support materials as a resource for healthcare professionals and their patients. If you would like to order support materials for your office, please fill out this form and fax it to our office at (902) 454-2686. These materials will be mailed directly to your office.

If you have any patients that are interested in learning more about the PfHW Program, please advise your patient to visit our website <u>www.partnersforhealthierweight.ca</u> and view "Information Session Videos and Related Documents".
